# Chairman's Message

“Thank you for expressing an interest in studying at Vivekanand P.G. College. We know that there are a lot of Institutes competing for your attention. Many will be offering similar courses, so what can Vivekanand P.G. College offer you?

We had commenced with few courses in science and commerce in the year 2014 and our expertise, in developing and delivering curriculum has evolved over the years with strong industry interface. Vivekanand P.G. College is known for its philosophy, processes, academic resources and infrastructural facilities. Our Vivekanand P.G. College has been recognized as a college that adds immense intellectual, cultural and professional energy to the industry on continuous basis. Having established ourselves and having gained the confidence and support of all our stakeholders, we aim to design programmes to cater the need of emerging industries. Our experiences of more than a decade have helped us to inculcate capacity in our students to be ready products to meet higher order challenges. Be it furthering, academic pursuits or employability in the corporate world, the transformation is seamless. We welcome you to Vivekanand P.G. College and invite you to be the part of the revolution.”

**Hari Ram Ranwa**

# Principal's Message

“Education is always preparing for future”. Young people, children and especially women must be given through education the tools to deal with the different tasks that they will need to perform in their lives. They must be helped to prepare themselves for their private lives, but equally be prepared to participate in economic, cultural and political life of their societies. Vivekanand P.G. College tries to provide need based and quality education.

Quality education should be regarded as a process of consumption, but as a process of interaction between teachers and students. The college offers courses that are monitored by highly qualified and experienced teachers. The admitted students will not only get the benefit of their guidance but will find coming years more regarding and will produce students with global outlook.”

**Dr. Mahendra Singh Khichar**
